I have been a patient of Dr. Duncan since relocating to Charlotte 11 years ago. My recent visit; like all previous visits, was as pleasant as a dental cleaning/check-up can possibly be. Trish is a very talented hygienist - no pain! She is so personable that I feel like I'm catching up with an old friend when I see her. Dr. Duncan is excellent and I would recommend him to anyone. He manages to do a great job without arrogance - rare in medical/dental professions these days. Thanks!!!!!!!

I've been coming to Dr Duncan's office for over 9 years. It has always been a pleasant experience. A very unusual situation in many cases. Every staff person knows me and greets me by first name when I arrive. That puts one at ease right away. My hygienist is up to date on info from my previous visit and asks relevant questions re: my dental problems, etc, since that visit. Dr Duncan and I have good and humorous conversations. Thanks for asking. Joan A Loomis

Love the new facilities. Too much echo is the only negative. At least 25 percent of every room should include some type of sound absorbing material to help hamper the path of sound waves and reduce echoes. In addition to window treatments, rugs, wall coverings and upholstered furniture, try decorating echoing rooms with soft accessories. Acoustic foam is another sound hampering option if you prefer a more minimalist style without all of the furniture and accessories. You use sound absorbing foam to place on top of tall furniture and storage items, such as cabinets . These help stop echoes while not distracting from the decor.

Great People. Modern equipment. On time appointments!! Had not been to the dentist in almost 5 years and hated getting my teeth cleaned because it would hurt for days after. Had to go 2 days to get all the plaque off my teeth but because of the modern equipment no pain at all. Can't attest to fillings since I have not had a cavity since the age of 12. Also did not push any extras on me although I am now in invisalign because of shifting teeth which is something I brought up when asked if I had any issues I wanted to talk about. Offered to just do a retainer to stop the shifting. Did a free invisalign scan and put no pressure to get them. Everyone seems genuinely friendly and sincere!

I am 68 years old and have seen a lot of dentist over the years. Dr. Duncan exams your teeth and mouth more thoroughly than any dentist I have ever had. I have had a few crowns by other dentist and one crown done by Dr. Duncan. You can actually use the crown Dr. Duncan did to eat with. It was perfect. I have recommended him to my friends and they have been equally impressed and satisfied. Thank you Dr Duncan. Your good work is appreciated.

He will refer us to other specialists in the area instead of trying to keep our business for himself just for business sake. With great education at UNC, Dr. Duncan is the complete package every family should have. His staff is superb, too.

And my teeth are all in excellent condition thanks to the dental care they provide.

★★★★★ by Anon on 2014-06-15

The staff were friendly in the back. Front desk staff seemed to not mesh well in regard to what was going on with my insurance etc. My appointment time was before 2 other

Dr. Duncan is a very good dentist. He did a special x-ray on me that found a stone in my salivary gland that cured a problem I had been complaining to my doctor about for years. He does excellent work. He replaced a faulty ceramic crown which was not his fault for free. He is a very gentle doctor and he won't let you be in any pain. He is friendly and very nice. He is easy to talk to and always glad to talk with me. He is the best dentist I have ever been to. He is even going to make me a mouth piece to help me with my severe sleep apnea as soon as he gets all he needs to do it. He can even test you for sleep apnea. My wife and daughter both go to Dr. Duncan and they think he does excellent work. Thank you Dr. Duncan. Signed Lloyd Johnston

Amazing - if you're not getting your teeth cleaned by Dr. Duncan and his staff, you are absolutely out of your mind. Best dentistry practice in the Charlotte area!!!!

★★★★★ by on 2013-02-26

I "walked in" to Dr Duncan's office early in the morning suffering with a toothache that had been with me all weekend, Fri, Sat and Sunday. His staff were very helpful and within the hour I was seeing Dr Duncan who diagnosed that my tooth needed to be extracted.... I was impressed by the X ray equipment he used that within a second or two the X rays were on the computer screen and we could all see the problem. Since I have just moved to Huntersville I booked my cleaning and check up appointment for May of this year. Dr Duncan and his whole staff were wonderful and he explained everything in easy to understand language. I would definitely recommend this office to anyone seeking a dentist...Many thanks to you all...

★★★★★ by on 2012-01-31

I have been Dr. Duncan's patient for a number of years. He is an excellent dentist and is "up to date" and very knowledgeable of latest offerings in the field of dentistry. He is very thorough and advises you of current situations going on within your mouth; he is never "pushy" - he just lays out the facts and patient decides on their choice of treatment. Tricia, the dental hygienist, is very conscientious and makes sure your teeth are cleaned, gums are being taken care of, etc.; she is your first line of defense in dental preventative maintenance. Donna, in the front office, is very efficient. She is familiar with dental insurance plans and graciously goes to bat for patients to make sure they are getting exactly what their insurance plan covers -- coverage and dental payments.

Ok, I won't say I ENJOY my dentist appts....well, I do enjoy the parts when nobody's hands are in my mouth! We've been coming here since Dr. Duncan first opened - 1996. He was just a baby! We would DEFINITELY recommend his office to anyone & everyone. These guys have watched my children grow up and truly feel like a part of our extended family. I do agree that he should change the channel for the music in the office (pay me later, Trisha!) Best dentist/staff you'll find!

Trish is simply the best. My only complaint is that the Public radio fund drive was on in the background and it was annoying.

The staff is always very friendly and professional. Always makes you feel welcomed. Dr. Duncan is excellent and would recommend him highly to others.

I can't stand going to the dentist...but I love going to this office. Trish and Dr. Duncan put me completely at ease and talk me through everything. Dr. Duncan has got to be

one of the best dentists around especially because of the attention provided to patient care and comfort. It's not a get in get out office.

Please don't text 2 times AND email! Too much Doc.

Since we moved here 10 years our whole family has been seeing Dr. Duncan and Trish. We have always been pleased with their services. My kids actually "like" going to the dentist. Donna is always welcoming, friendly, and helpful. Everyone at this practice is wonderful, I would highly recommend Dr. Duncan and his staff.

There is nothing I fear more on a regular basis than a trip to the dentist. Throw me into a pit filled with snakes, spiders and mother-in-laws a hundred times before I'd head to get my teeth cleaned. Trish did a great job of (in order of priority) A. Make the cleaning painless B. Make the cleaning painless and finally C. Make the cleaning painless Great job Trish!!!!

Dr. Duncan and his staff are so friendly. I am 36 weeks pregnant and had a toothache. They immediately got me in and were very helpful in getting me the treatment I needed. Dr. Duncan and his staff are so kind. I will definitely going back and referring others!

The best dentist ever. Friendly and pain free!

This is my kind of dental facility--small, friendly, attractive--with a professional, talented staff. Dr. Duncan is very thorough and careful, and is gentle in doing whatever needs to be done. He informs you about any problems that may warrant further attention, but he allows you to decide what you want to have done, and when. Trish, the hygienist, is equally thorough, careful, and gentle. I have never come away with sore, aching gums from a too-aggressive teeth cleaning! Donna, in the front office, is friendly and efficient. All in all, it's a very positive experience.

Just had a drill in my mouth at least 30 minutes, but wasn't too bad considering. Got a phone call to follow up, making sure I was OK. Dr. Duncan is always upfront about the situation and only does the procedure that is necessary to save the tooth. I am grateful for such a great team at Dr. JC Duncan's office.

Everyone in your office is just so friendly!! :) It is always a pleasure to come in for my cleanings. The only thing I would like more clarification on is what is covered and not covered by my insurance. I left the office confused about how much I would be expected to pay out-of-pocket for a night guard, and then what money would be leftover for cleanings and x-rays. Overall, though, a very positive experience! Thank you. :)

Everything went well. I don't believe there was any concerns. It was what we always expect, which was excellent.

Dr. JC Duncan and staff are very accomodating and the atmosphere is relaxed. Trish is an excellent hygienist. What a relief to have a dentist that fixes only what needs it and doesn't pressure to have additional work. No one has money to throw away!

Dr. Duncan is great. Very easy going atmosphere at his office, and he has an excellent team. He'll tell you what work needs to be done, but doesn't force unnecessary dental work on his patients, unlike other dentists. I really like Donna, the receptionist, and his hygienists are always so friendly. I enjoy my visits there. You will too.

Fabulous experience. Absolutely wonderful dentist. I highly recommend this dental office. Friendly, knowledgeable, and caring staff. I'm grateful for the person who recommended it to me so long ago.

I had worked in the dental field many years ago. I was very impressed with this dental office. Everyone I encountered was very pleasant and professional. Trish, the dental hygienist heard I had a gluten allergy and went out of her way to check all the materials she was using on me and made sure they were gluten free. Dr. Duncan made me feel comfortable. I loved his bedside manner, sense of humor and especially his professionalism.

I always have good experiences at the Mr Duncan's office. Donna always calls the day before the apointment. Never have to wait more than 5 minutes.They are doing a good job of cleaning my teeth.

★★★★★ by Anon on 2011-05-28

I recommend Dr. Duncan and his staff to anyone. Trish is always pleasant and takes a genuine interest. Dr. Duncan doesn't push cosmetic or optional services, which is a relief.

I also look forward to getting my teeth cleaned every 6 months. Dr. Duncan, Donna and Trish are the best in the business. I am alway greeted and treated with smiles and a fun environment. Can't wait to see y'all again in December.

Always great service, not pushy. Great with kids.

My family has been going to Dr Duncan for over a decade. It's about a 30 ~ 45 minute drive from our home, but none of us will even consider another dentist that is closer. The staff is courteous and flexible with scheduling. Dr Duncan won't try to sell you services that are unnecessary and they will file with your insurance rather than asking for payment in full. His office is the best in town!

★★★★★ by on 2011-05-16

Can you believe I actually look forward to my dentist appts? The moment I walk in the door, I am warmly greeted by Donna. It is like returning to see friends every 6 months! Tara was friendly and gentle in her care. Dr Duncan is thorough, intelligent, holistic... we trust him with our whole family. We even moved our children from a pediatric dentist at an early age, and they kept saying how much kinder the staff was at Dr. Duncan's office! Thanks for another great appointment.
